2026

INTRODUCTION

Ohana Care Clinic of Africa is a primary healthcare initiative established by Sweet Aroma Foundation (SAF) in partnership with Kadesh Hope Mission of Africa (KHMA). Situated in the heart of Maili Nne along the Eldoret–Uganda Road, the clinic was founded in response to a growing need for accessible, affordable, and compassionate healthcare services within a rapidly expanding and diverse urban population.

Eldoret, a key regional hub serving multiple counties, continues to experience significant population growth, placing immense pressure on existing healthcare infrastructure. Communities in peri-urban areas such as Maili Nne face limited access to quality medical services, high disease burden, and financial barriers to care. Ohana Care Clinic was therefore envisioned as a solution—bridging the gap between need and access, while restoring dignity and compassion in healthcare delivery.

The clinic serves a multi-ethnic and multi-faith population, addressing both communicable diseases such as malaria and HIV/AIDS, and the increasing prevalence of non-communicable conditions including diabetes, hypertension, and maternal health challenges. Through a holistic and community-centered approach, Ohana seeks to transform healthcare delivery and improve overall well-being.

The Heart of Ohana

Ohana Care Clinic is more than a healthcare facility—it is a mission of compassion, a place of healing, and a living expression of God’s love in action.

The name “Ohana” means family, and this defines everything the clinic stands for. Every patient is treated with dignity, warmth, and personal attention. Care goes beyond diagnosis

and treatment—it reaches the emotional and spiritual needs of individuals and families.

In a world where healthcare can often feel distant and transactional, Ohana restores the human touch—listening, understanding, and serving with genuine compassion. It exists to ensure that no one is left behind, especially the vulnerable and underserved.

FOUNDATION & JOURNEY TO OPENING

The establishment of Ohana Care Clinic reflects a journey of vision, planning, and committed execution.

The process began with the identification of Maili Nne as a strategic underserved location. This was followed by detailed planning, architectural design, and approval of drawings to ensure compliance with regulatory standards. Construction works commenced with civil modifications, gypsum partitioning, electrical and plumbing installations, and interior finishing.

Over several months, key milestones were achieved, including tile work, painting, installation of glass fittings, cabinetry, and structural enhancements. Simultaneously, procurement of medical equipment, furniture, and essential supplies was carried out to prepare the facility for operation.

The final phase involved obtaining approvals from local authorities, recruiting qualified medical staff, and organizing operational systems. These combined efforts culminated in the successful opening of the clinic, marking a significant step toward serving the community.

This journey stands as a testimony of dedication, collaboration, and a shared commitment to improving lives through healthcare.

OUR PURPOSE

Ohana Care Clinic exists with a clear and meaningful purpose—to ensure that no individual is left behind in accessing healthcare. It seeks to serve the underserved, provide hope to vulnerable populations, and demonstrate God's love through practical, compassionate service.

The clinic is not only a healthcare facility but a mission-driven initiative focused on restoring dignity, promoting wellness, and building stronger, healthier communities.

OUR IDENTITY

Vision

To build healthy communities by demonstrating God's love through holistic, compassionate healthcare delivered to the finest detail—ensuring no one is left behind.

Mission

To provide accessible, evidence-based healthcare delivered with empathy to every individual we serve.

Motto

"Compassionate Care, Every Detail, Every Individual."

Core Values (E.C.H.O.I.D.)

Ohana Care Clinic operates on strong foundational values that guide every aspect of its service:

- Excellence** – Maintaining high clinical standards and professional integrity in all services.
- Compassion** – Treating every patient with warmth, care, and respect.
- Holistic Care** – Addressing the physical, emotional, and spiritual well-being of individuals.
- Innovation** – Applying creative solutions to overcome healthcare challenges.
- Dignity** – Respecting cultural, religious, and personal differences within the community.

SERVICES OFFERED

Ohana Care Clinic provides a comprehensive range of primary healthcare services designed to meet the needs of individuals and families:

- General Medical Consultation
- Maternal and Child Healthcare
- Diabetic and Chronic Disease Management
- Diagnostic Laboratory Services
- Pharmacy and Medication Support

In addition, the clinic aims to expand into specialized services including radiology, ECG, ultrasound, and specialist consultations, ensuring a holistic and continuous care model.

FACILITY OVERVIEW

The clinic is designed to provide a comfortable and efficient healthcare environment, including consultation rooms, a

diagnostic laboratory, pharmacy, treatment areas, a general ward, nursing station, waiting area, and essential support facilities. The layout ensures smooth patient flow while maintaining privacy and quality of care.

IMPACT & FUTURE VISION

Ohana Care Clinic is committed to transforming healthcare in Maili Nne and surrounding communities. By addressing both immediate and long-term health needs, the clinic plays a vital role in reducing disease burden and improving overall well-being.

Through outreach programs, education, and continuous care, Ohana is not only treating patients—it is empowering communities to live healthier and more fulfilling lives.

Through partnerships, innovation, and commitment, the clinic envisions a future where healthcare is accessible to all—regardless of economic or social status.

Ohana Care Clinic aspires to become a trusted healthcare provider and a referral center for surrounding communities. It aims to expand its services, strengthen community outreach programs, and introduce preventive healthcare initiatives that empower individuals through education and early intervention.

CONCLUSION

Ohana Care Clinic of Africa stands as a testament to what is possible when compassion, faith, and excellence come together. From its foundation to its opening, every step reflects a deep commitment to serve humanity with dignity and care. With every life touched and every family strengthened, the mission continues:

"No One Left Behind."

Lumina Charis Schools of Africa One Year of Impact

Lumina Charis Schools of Africa has successfully completed its first year, emerging as a true blessing to many children and families. Established with a vision to provide international-standard education to those who cannot afford it, the school has made remarkable strides in breaking barriers and transforming lives.

Over the past year, Lumina Charis has enabled many students to access quality education at minimal cost, helping to break the cycle of poverty and create new opportunities for a brighter future.

First Graduation Milestone

Recently, we celebrated our first graduation ceremony at Lumina Charis Schools of Africa, Kalule. Children graduated from nursery to primary level, marking a significant milestone in the school's journey.

Parents expressed overwhelming satisfaction with:

- Their children's academic progress
- Cultural and moral development
- Improved communication skills
- The supportive classroom environment

Holistic Learning & Exposure

Our students actively participated in inter-school activities, including fun-day programs focused on learning about animals, arts, and creativity, promoting both knowledge and social interaction.

Excellence in Teaching

Our dedicated teachers continue to grow through Competency-Based Curriculum (CBC) training, ensuring that students receive modern, effective, and engaging education. The school also offers extra academic programs to help learners excel beyond standard expectations.

Facilities & Student Support

To ensure accessibility and comfort, the school has introduced:

- Free transport services for students traveling from distant rural areas
- Expanded campus facilities, including boarding options
- Provision of nutritious meals for all boarding students
- Co-curricular Development

We believe in nurturing the whole child. Students are engaged in:

- Music and creative arts programs
- Outdoor play and physical development, supported by newly added playground equipment

A Future of Hope

Lumina Charis Schools of Africa continues to stand as a beacon of hope—empowering children, supporting families, and shaping a generation that will rise above limitations and transform communities.

Child to School

The Child to School Program made a significant impact over the past year by ensuring that nearly 300 children from marginalized communities remained in school, removing financial barriers and reducing dropout rates through sustained sponsorship support. By covering school fees and providing access to quality education, the mission empowered children with knowledge, confidence, and hope for a better future. Students experienced growth not only academically but also in communication skills, social interaction, and personal development. Through education, they gained awareness of health, hygiene, and life skills, equipping them to make better choices and improve their overall well-being.

Spanning across countries such as Uganda, Kenya, Burundi, Rwanda, Congo, Tanzania, Malawi, and Zambia, this initiative strengthened families and uplifted communities. The program reflects a deep belief that every child deserves access to education, healthcare, and the opportunity to thrive. By investing in these young lives, the mission is actively breaking the cycle of poverty and nurturing a generation capable of transforming their futures and communities. This holistic support continues to create lasting impact, raising confident, resilient children prepared to lead and succeed according to God's will.

The High School Ministry

The High School Ministry has made a meaningful impact by visiting 20–25 high schools and universities, reaching and inspiring over 5,000 students. Through these visits, students were empowered through engaging question-and-answer sessions, interactive discussions, and discipleship classes that encouraged them to think deeply, ask questions, and grow in understanding. The ministry focused on guiding young people to study the Word of God, helping them build strong values, make wise decisions, and develop confidence in their purpose. Students were also motivated and appreciated through encouraging gifts and presents, creating a positive and memorable learning environment.

In partnership with Goba Academy, the ministry conducted technology training programs, equipping students with essential digital and practical skills for the modern world. Alongside academic and technical development, the youth were nurtured spiritually, strengthening their faith and character through consistent teaching and mentorship. This holistic approach—combining education, technology, and spiritual growth—has raised a generation of young people who are confident, skilled, and grounded in the Word of God, ready to positively impact their communities.

PARTNER WITH US TODAY!

Kadesh Hope Mission of Africa (KHMA) is proud to announce its strategic partnership with Sweet Aroma Foundation (SAF). This collaboration enables us to amplify our impact and bring transformative change to the lives of vulnerable children and communities in Africa.

For those looking to support our joint efforts, please direct all donations to the Sweet Aroma Foundation (SAF). Your generosity will help fund vital projects, including education, healthcare, and community development initiatives.
